Theatre Research in Canada

Recherches théâtrales au Canada

Theatre Research in Canada/Recherches théâtrales au Canada is Canada's only peer-reviewed journal with an explicit focus on Canadian and Québécois theatre in both official languages. As such, it provides a necessary forum for the dissemination of scholarly research that uses the full range of critical approaches applied to the study of theatre as a multidisciplinary art, in the context of the cultures of Canada and Quebec. *TRIC/RTAC* is dedicated to supporting research that explores First Nations theatre and performance culture, as well as the history of other historically disadvantaged social groups.
