Recent Journal Articles

Wendy A. Swik, *U.S. Military Academy Library*

THE bibliography is compiled by the systematic search of approximately four hundred periodicals, a check of several general journal bibliographies, and the welcomed contribution of interested subscribers. Many times older citations will be included simply because the compiler had not come across them earlier or, more frequently, because the periodicals are behind publication schedule. Those wishing to be assured of having their articles listed in this section are urged to notify the compiler. References should include the following: author(s), full title (including subtitle), name of periodical, volume number, issue date, and pagination. Address all contributions to Wendy Swik, Military Affairs Librarian, U.S.M.A. Library, West Point, NY 10996-1799.
