Index

- abstract individuation, 60
ACC/SCN (UN Administrative Committee on Coordination, Sub-Committee on Nutrition), 28, 49, 57
Aceh study, 28, 29–30, 69, 180n11
ADB. *See* Asian Development Bank (ADB)
Aditjondro, George, 86, 89
advertising. *See* marketing
Africa: AGRA (Alliance for a Green Revolution in Africa), 14, 15–16, 177n39, 188n9; agriculture in, 178n42, 178n44; and GMOs, 147–48, 188; and Golden Rice, 150; iron deficiency anemia in children in, 114; national fortification projects in, 46; tribal health and diets in, 22; wheat flour mandatory fortification standards in, 93. *See also specific countries*
AFTA, 74
AGRA (Alliance for a Green Revolution in Africa), 14, 15–16, 177n39, 188n9
agricultural labor force, feminization of, 6–7, 15, 174nn11–13, 178n43
agricultural research and development, 140–49, 154, 156–57, 188nn8–11. *See also* biofortification; Golden Rice; Green Revolution
agricultural surpluses. *See* wheat exports
agrofood studies, 9, 10, 163, 168, 175n19
Alliance for a Green Revolution in Africa (AGRA), 14, 15–16, 177n39, 188n9
alternative agrofood movements, 169–71
Altieri, A., 15
anemia. *See* iron deficiency anemia (IDA)
anti-GMO movement, 150–51, 153, 160
Apple, Rima, 35, 136, 137, 163, 186n2
APTINDO (Indonesian Association of Wheat Flour Producers), 85, 87, 91, 93–95, 184–85n5
Archer-Daniels-Midland, 182n18
Asian Development Bank (ADB): biofortification projects of, 146, 157; fortification projects of, 40, 44, 47, 52, 68–69; and gender mainstreaming imperative, 58; on malnutrition as economic loss, 52
asymmetrical mother-child dyad, 20, 27, 31–34, 136
Avakian, Arlene Voski, 6
Ayahbunda, 120–22, 186n4
baby food: commercial market for, 117–19; complementary food (CF) and supplementary food (SF), 114–16, 124, 127, 130, 133, 187n7; expert discourse on, 115, 116, 130–31; homemade baby food in Indonesia, 116, 124; international opposition to commercial baby food, 131–32; making of “smart” baby food, 114–19; marketing and advertising of, 119–23, 126, 129–35, 137, 167, 186n4; nutritional claims for commercial baby food, 120–23, 125–31, 135, 167; and nutritionalized self, 134–38; and nutritional needs of infants, 111, 114–15; and nutritionism, 111–14; and scientization of motherhood, 112–14
BAFF (Business Alliance for Food Fortification), 47, 53–54, 173n7
Belasco, Warren, 31, 159, 189n19
benevolent biotechnology, 146–49, 158, 159–60
Berdikari Flour Mill, 84, 85, 87, 88, 89, 91
Bill and Melinda Gates Foundation, 14, 41, 145, 146, 177n37, 177n39, 188n9, 188n11
biofortification: analysis of, in agrofood studies, 10; beginning of concept of, 139, 188n3; as benevolent biotechnology, 146–49, 158, 159–60; challenges of, 143; and combination of agriculture and nutrition, 140–46, 149, 157; definition of, 2, 139; funding for, 145–46, 177n39; and GMOs, 3, 146–51, 153, 155, 159, 160, 173n4; of Golden Rice, 2, 17, 114, 139, 144–46, 149, 153–58; and international development, 145–46, 149; moral politics of, 158–61; promotion of, 139–40, 143–46, 149; public-private partnership for, 5–6, 173n7; social appeal of, 149. *See also* fortification; Golden Rice
biological citizenship, 135–36
biological victimhood of women, 8, 59–61, 84, 134–38, 163, 165, 170, 183nn22–23, 189n19
biopower, 11, 63, 137–38, 176n31
Bogasari Flour Mill, 81, 82, 85–91, 104–5, 183n7, 184n4

- boundary object, 180n18
- breast milk: ambivalence of mothers about, 124, 129–30; and asymmetrical mother-child dyad, 32–34; breast-feeding by poor mothers, 123, 124, 126, 127; International Code of Marketing of Breast-Milk Substitutes, 132; statistics on breast-feeding in Indonesia, 133
- Brooks, Sally, 177n37
- Brown, Wendy, 59, 61, 182n22
- BULOG (Food Logistics Agency in Indonesia), 88–92, 102, 104, 174n8
- Business Alliance for Food Fortification (BAFF), 47, 53–54, 173n7
- Carpenter, Kenneth, 24, 26
- CDC (Centers for Disease Control), 180n4, 183n1
- Center for Research and Development of Nutrition and Food, Indonesia, 69, 75, 104–5, 184n11
- CF (complementary food for infants), 114–16, 124, 127, 130, 133, 186n1, 187n7
- CGIAR (Consultative Group on International Agricultural Research), 14, 15, 142–46, 173–74n8, 178n40, 188n10
- charismatic authority, 19, 179n2
- charismatic nutrients: and appeal of nutritional fixes, 37–38; and asymmetrical mother-child dyad, 20, 27, 31–34; children's survival linked with, 20, 27, 28, 30–34, 37; as dimension of nutritionism, 4–5; dimensions of, 20; function of, 34–36; and gender, 20, 27, 31–34, 180n9; and international development, 20; and nutritional science, 34–38; origin of term “charismatic,” 19–20; protein in 1950s and 1960s, 19, 21–27, 32; as symbol of food problem, 20–21; Vitamin A in 1980s, 19, 27–31, 37, 53. *See also* protein; vitamin A
- children: and asymmetrical mother-child dyad, 20, 27, 31–34, 136; charismatic nutrients linked with survival of, 20, 27, 28, 30–34, 37; kwashiorkor in, 21, 31, 179n6; micronutrient deficiencies of, 58, 114; nutritional status of, and nutritionism, 111–14; protein malnutrition of, 21, 27, 31; “starving children” as icon of world food problem, 27, 31, 37; vitamin A deficiency in and vitamin A for, 28, 30–31, 64–65, 114, 127–28, 183n2. *See also* baby food; breast milk
- CIDA, 41, 65, 105
- CIMMYT (International Maize and Wheat Improvement Center), 141, 144, 177n39, 188n8
- Clark, Mary, 177n33
- class. *See* poverty
- Collier, Paul, 178n44
- Collins, Patricia Hill, 187n16
- commodification of motherhood, 113
- complementary food (CF) for infants, 114–16, 124, 127, 130, 133, 166–67, 186n1, 187n7. *See also* baby food
- compliance problems, 55–56, 65, 182n20
- Consultative Group on International Agricultural Research (CGIAR), 14, 15, 141–46, 173–74n8, 178n40, 188n10
