The Johns Hopkins University Press uses environmentally friendly book materials, including recycled text paper that is composed of at least 30 percent post-consumer waste, whenever possible. All of our book papers are acid-free, and our jackets and covers are printed on paper with recycled content.

Nor is there any harm in starting new game to invention;  
many discoveries have been made by men who were à la chasse  
of something very different.

*Horace Walpole to Hannah More, 10 September 1789*
