PRAISE FOR

## *Madness & Creativity*

“In a profound vision of an ancient dilemma, exploring the porous boundary between madness and creativity, Ann Ulanov offers genuine insight into redemptive renewal. We are not allowed to turn away from darkness, chaos, and danger but are challenged to take the plunge into our own depths, to experience our fullness, if we are to truly appreciate the wisdom in this book. Rather than being given a guide book to the soul, the reader is brought to the necessity of guidance from within, a rare accomplishment worthy of careful study.”

— Joseph Cambrey, president,  
International Association for Analytical Psychology  
and author of *Synchronicity: Nature and Psyche in an  
Interconnected Universe*

“Ann Ulanov brings the ancient topic of divine madness brilliantly into a contemporary context. This is a masterful work and offers an excellent approach to Jung’s magnificent *Red Book*.”

—Murray Stein, author of *Jung’s Map of the Soul* and  
*Transformation: Emergence of the Self*
