

AmericanStudiesAssociation

The American Studies Association, founded in 1951, exists to promote and encourage the study of American culture—past and present. Membership is open to all individuals and to cultural or educational institutions. Members are encouraged to participate in all the association's activities, especially through the regional chapters, the annual conventions, and the committees. *American Quarterly* and the ASA Newsletter are sent to all members. Access to the Guide to American Studies Resources Online is available as a benefit of association membership.
