En la portada: "Agrieta los muros, tumbemos el racismo". Las fronteras no son fijas, son estructuras económicas y políticas que dividen sociedades y producen espacios, personas e ideologías, y empobrecen territorios, cuerpos, tierras, agua y vidas (elaboración colectiva: Frida Itzel Rivera Juárez, Karla Helena Guzmán Velázquez y Karem Angélica Pereira Acuña, 2021).

On the cover: "Crack the wall, let's defeat racism." Borders are not fixed, they are economic and political structures that divide societies and produce spaces, people, and ideologies, and impoverish territories, bodies, lands, water, and lives (collectively produced by Frida Itzel Rivera Juárez, Karla Helena Guzmán Velázquez, and Karem Angélica Pereira Acuña, 2021).
