TRANSPORTATION JOURNAL™

A Journal of the Association for Supply Chain Management

**YOSHINORI SUZUKI AND
DAVID SWANSON, EDITORS**

Transportation Journal is devoted to the publication of articles that present new knowledge relating to all sectors of the supply chain/logistics/transportation field. These sectors include supply chain/logistics management strategies and techniques; carrier (transport firm) and contract logistics firm (3PL and 4PL) management strategies and techniques; transport economics; regulation, promotion, and other dimensions of public policy toward transport and logistics; and education. It is a journal of the Association for Supply Chain Management.
