**OUR FEE COLLECTION POLICY**

For clarity and transparency, below please find the detailed descriptions of funds that the JDA collects from various sources.

**Collection of Subscription Fees:** The JDA collects subscription fees at the following rates:

Print subscription only: \$425 per annum including shipping and handling.

Online subscription only (through Project MUSE): \$350 (less the commission charged by MUSE) per annum.

A bundle of both: \$490 per annum.

**Royalty from Online Distributors:** We also collect royalties from our Online distributors for the current and old issues of the journal. The amounts vary from year to year depending on the policies of the distributors and their revenue generation.

**Page Charge from Authors:** We do not have a policy of non-refundable submission fee, but from all authors of accepted papers, we collect a processing fee at a rate of \$350 per paper. If the paper exceeds our size limit (7,500 words), the fee may vary on a prorated basis.

**Copyright Clearance Fees:** Those who seek copyright permission for pure academic purposes, we grant permissions free of charge. However, those who do it on commercial basis, we charge a copyright fee at a rate of \$0.15 per page per copy.
