Anne E. Mosher (b. 1959) is associate professor of geography and codirector of the Space and Place Initiative in the Global Affairs Institute at the Maxwell School of Syracuse University. She attended Lancaster University in the United Kingdom, graduated magna cum laude with dual B.A. degrees in geography and international studies from Macalester College in St. Paul, Minnesota, and completed both the M.S. and Ph.D. in geography at the Pennsylvania State University. Her work has appeared in the Annals of the Association of American Geographers, the Journal of Historical Geography, the Geographical Review, and various edited volumes. She is a former editor of Historical Geography and former book-review editor for the Americas for the Journal of Historical Geography. Part of the research on which Capital’s Utopia is based won a 1991 Nystrom Dissertation Award, given annually by the Association of American Geographers.
