Note on Translations

✦ ✦ ✦

To avoid burdening my text with unnecessary translations, I have only provided the French originals for quotations from my key primary texts for which a translation alone would be insufficient to communicate the full meaning of the passage. Translations of texts for which no published translations are listed among the works cited are my own. Translations without page references for which the original is also cited are also my own. For modified published translations for which the original is not given, the first page reference is to the translation and the second to the French original.
