Béné, Christopher, 5, 137, 154
Berkes, Fikret, 5
biodiversity reserves, 141
biophysical system, 18
biotic resources, 43–44
blast fishing, 48, 77
bottom fish, 42
business entrepreneurs, 76, 121, 123, 126–28, 132, 146

C
Cambodia
authoritarian roots, 26
bombing during Vietnam War, 13
Charcoal Ban, 71
competition within main fishing grounds, 71
corrupt officials share corrupt money, 143
democratic elections, local-level, 24
economic growth in, 15, 131–32
factories and migrant labour, 15
fisheries, total annual production, 42–43
fisheries as fourth-largest employer in, 42
fishery sector reform, 30
fishing gear, theft of, 59–60, 71, 81, 97–101
food/economic crisis, 71
France, independence from, 7
Khmer Rouge regime, genocidal, 7, 13, 50
land and biotic resources, competing claims over, 43–44
levels of inequality, rising, 15
market liberalization, 53
markets, fluctuations in, 71
national budget and foreign funding, 32
policy framework for resource governance, 25
political consolidation and government departments, 134–36
population in rural areas, 132
population of, 15
poverty rates, 15, 56
regulatory agencies ignore environmental and social safeguards, 125
resources, decline in, 71
royalty fees from sand mining, 126
rule by strong leaders, 29
sand export sector, 125
socialist economic practices, 53
state-controlled marketing system, 54
trade embargo by the West, 13
Vietnamese occupation, 49
_Cambodia at the Crossroads: Strengthening Accountability to Reduce Poverty_ (World Bank), 23, 164
Cambodian embassy, 126
Cambodian government
Fisheries Policy, 25
Forestry Policy, 25
Land Policy, 25
legislation with strong decentralization mandate, 23
Local Governance Policies, 25
logging activities, enforced ban on, 82
military access to forest areas, 14
Protected Areas Policy, 25
Supportive policies, 25
Cambodian royalty, 50
Cambodia People Party (CPP), 27–28
Canada, 21
capture fisheries in Asia-Pacific region, 41
catfish stock, 20
centralist perspective of governing resources, 22
Chandler, David, 54
change, social, economic and political, 9
Charcoal Ban, 71
charcoal kiln owner, 1
charcoal kilns, 68
charcoal production, 10, 15, 54, 64, 75–76, 124
Chief of Police’s support of illegal activities, 112–13
Chinese merchants, 50
Chrouy Pros
artificial reefs to protect seagrass areas, 117–20, 128
commune councils, elected, 116–19
commune planning policy, 116–20
concerns, environmental and livelihood, 116
environmental education, 118
fishing conflicts, 116–17
Koh Kong’s provincial governor and, 117–18
mangrove replanting, 116, 118
net destruction by trawls, 120
push-net fishers, 119
resource management committee, 113
resource management committees, village-level, 116
seagrass conservation areas, 119–20
Chrouy Pros Bay (fishing grounds), 88, 99, 105, 109–18, 121, 124, 141
Chrouy Pros village, 112
civic duty, 29
civic virtue, 138
civil service, 7
civil war funding from timber sales, 14
classic agrarian questions à la Bernstein, 4–5
climate variation, 18
coastal fishers, 44, 46
coastal management, 40
coastal resources, 2, 11, 51, 56, 126, 147
cockles, 104
