Acknowledgments

This book would not have initially come into being without the midwifery of Robert H. Birkby, Susan Gillman, Jody Greene, and Christine Hong.

It would not have grown into what it has since become without the folksy acumen and friendship of H. Marshall Leicester, Jr.

It likewise would not have been fit to see the light of day without the mentorship, singular exemplarity, and unstintingly generous aid of Tyrus Miller.

It is written with my ideal readers in mind: James Bachman (who is not just my ideal copyeditor), Nicholas Gaskill, Aliyah Khan, Christine Lupo Montgomery, Shane Elsa Marie Sweeting, and Evan Calder Williams.
