# Tables

1.1 Distributions of Immigrants to the United States and California, by Selected Countries and Regions of Birth, Fiscal Year 2002  
1.2 Distribution of Legal Immigrants to California, by Top Five Receiving Counties, 2000  
2.1 Total Enrollment in 2001 by Race or Ethnicity in the UC, CSU, and CCCS (%)  
3.1 Gaps in Years of Education between Male Mexican and White Immigrants, by Generation of Immigrants, 1989  
3.3 Selected Studies of the Effect of Community Colleges (CCs) on Educational Attainment Using National Data  
3.4 Selected Studies of the Effect of Community Colleges (CCs) on Educational Attainment Using State Administrative Data  
4.1 Overview of Alternative Approaches to Assessing the Impact of Community Colleges (CCs) on Labor Market Efficiency  
5.1 Descriptive Statistics for One-Digit and Two-Digit Race or Ethnicity Variables, 1996 FTF Data, by Gender (%)  
5.2 Descriptive Statistics for Community College Outcome Variables, by One-Digit Race or Ethnicity Categories and Gender  
5.3 Descriptive Statistics for Student-Level Explanatory Variables, Males Only, by One-Digit Race/Ethnicity Categories  
5.4 Descriptive Statistics for Student-Level Explanatory Variables, Females Only, by One-Digit Race/Ethnicity Categories  
5.5 Descriptive Statistics for College-Level Explanatory Variables, Males Only, by One-Digit Race/Ethnicity Categories  
5.6 OLS Estimates of the Determinants of Transfer to a Four-Year College, Receipt of AA Degree, and Total Credits Earned, Male Students  
5.7 OLS Estimates of the Determinants of Transfer to a Four-Year College, Receipt of AA Degree, and Total Credits Earned, Female Students
5.8 Comparison of Unadjusted and Regression-Adjusted Gaps by Race or Ethnicity in Educational Outcome Variables, by Gender

5.9 Decomposition of “Explained” Differentials by Race or Ethnicity in Student Transfers and Total Credits Earned, by Gender

5.10 Descriptive Statistics for Outcome Variables and Selected Explanatory Variables for White and Black First-Generation Immigrant Students and for Latino and Asian First-Generation Immigrant and Nonimmigrant Students, by Gender

5.11 Descriptive Statistics for Outcome Variables and Selected Explanatory Variables for High School Dropouts, by Gender and One-Digit Race or Ethnicity

5.12 Frequency Distributions of Estimates of College-Specific Fixed Effects on Transfer Rates, Holding Constant Student-Level Characteristics, by One-Digit Race or Ethnicity

5.13 OLS Estimates of Effects of College-Level Explanatory Variables on College-Specific Transfer Rates Calculated Holding Constant Individual Student Characteristics, Latino and Asian Students

6.1 Breakdown of Outcome Variables and Selected Explanatory Variables for Two-Digit Categories of Latinos, All Students

6.2 Breakdown of Outcome Variables and Selected Explanatory Variables for Two-Digit Categories of Asians, All Students

6.3 Comparison of Unadjusted and Regression-Adjusted Gaps in Outcome Variables for Two-Digit Categories of Latinos, All Students

6.4 Comparison of Unadjusted and Regression-Adjusted Gaps in Outcome Variables for Two-Digit Categories of Asians, All Students

6.5 Median Family Income for Latinos and Asians Residing in California, by Two-Digit Ethnic Categories, 1996

6.6 Top Five Counties of Residence of Legal Immigrants in 2000 Who Chose to Live in California, by Selected Countries of Birth

7.1 Breakdown of California Counties (and Consortia), Community College Districts, and Community Colleges

7.2 Supply-Side Variables for Representative Community Colleges, 1996 FTF Data

7.3 Measures of Variation in the Supply of Occupational Training Provided by Community Colleges, by CC District Affiliation (%)
