“Kansas governors have had an impact on their state and on all of the American West. *Kansas Governors* is a long-needed reference tool that should be emulated by all western states. It belongs in every library—academic, public, school, or special—that has a Kansas or Western Americana collection.”—*Journal of the West*

“Socolofsky provides readers with an excellent introduction to Kansas politics and a model for works of this type.”—*Great Plains Quarterly*

“Socolofsky has achieved his aim of providing a sound standard reference on the governors of Kansas. It will be useful to students of Kansas history and to those seeking a quick introduction to a particular governor of the Sunflower State.”—*Journal of American History*

“Socolofsky is to be congratulated for his tenacity and the resulting quality of this work on Kansas history.”—*Annals of Iowa*

“The author has done a commendable job in providing equal coverage of ten territorial and 41 state governors. This work is a valuable research tool.”—*Great Plains Newsletter*

**Homer E. Socolofsky** was professor of history at Kansas State University and the author of *Arthur Capper: Publisher, Politician, Philanthropist* and *The Cimarron Valley*, and coauthor of the *Historical Atlas of Kansas*. He served as president of both the Agricultural History Society and the Kansas State Historical Society.

**Virgil W. Dean** is an independent historian and consulting editor who was editor of *Kansas History: A Journal of the Central Plains* for almost thirty years. A former historian for the Kansas State Historical Society, he is the author or editor of four books, including *John Brown to Bob Dole: Movers and Shakers in Kansas History*.
