WOMEN, GENDER, AND HEALTH
Susan L. Smith and Nancy Tomes, Series Editors

This series focuses on the history of women and health, but also includes studies that address gender and masculinity. Works in the series examine the history of sickness, health, and healing in relation to health workers, activists, and patients. They also explore the ways in which issues of gender, race, ethnicity, and health have reflected and shaped beliefs, values, and power dynamics in society.
