# Table of contents

**Introduction**

1  **A long and complex struggle**  
   The pioneering influence of the British model  
   Equivocal, evolving and cumulative engagements

2  **Noble gentleness, vile cruelty**  
   The sensibility of distinguished men  
   The banning of repugnant spectacles

3  **To act as an enlightened philosopher**  
   Neither sentimentality nor affectation  
   “From the point of view of self-interest properly understood”

4  **To enlighten the ignorant, to refine the barbarian**  
   A pedagogy of gentleness in order to prevent crime  
   Discipline, reward and punish  
   Assisting the authorities

5  **“Us,” the animals and “them”**  
   Repulsive beasts  
   Distinctive national virtues  
   The established, the challengers and the excluded

6  **The rise in the power of tenderness**  
   Animality, equality, fraternity  
   Pets, refuges of intimacy  
   Imaginary beings and children's soft toys

7  **(Animal) victims and social domination**  
   At the heart of the revolt against the powerful  
   Expose the torturers, help the victims  
   Emotions, countermobilization, delegitimation
A decreasingly “wild” nature
From the exploitation to the contemplation of species
Technological ferocity, industrial slavery
Bringing moral philosophy up to date

Conclusion
