Acknowledgements 7

1. Introduction: Issue mapping, ageing, and digital methods 9
   1.1 Issue mapping 9
   1.2 The ageing issue and its place in Europe 12
   1.3 Mapping theory: Social cartography, risk cartography, and critical neo-cartography 14
   1.4 Digital methods for issue mapping: New formats, data, and traceability 29
   1.5 Digital methods and the visualizations employed in the mappings 32

2. A social cartography of ageing 41
   2.1 Ageing as a social issue 41
   2.2 How to trace associations: Operationalizing social cartography using digital methods 42
   2.3 Ageing as a European issue? The EU initiatives and local agendas 45
   2.4 Polish ageing NGOs, issue formats and the local variation on Europeanization 53
   2.5 Which issue formats lend themselves to domestic debates on pension reform? The cases of the U.K. and Poland 60
   2.6 Tea and pens as 'cosmos-objects' in the British public sector pension reform debate 60
   2.7 Staging the pension reform controversy in Poland: Which formats could empower action? 66

3. A risk cartography of ageing 71
   3.1 Age U.K.’s hyperlinking behaviour 79
   3.2 Care worker migration as ageing issue (in the U.K. and beyond) and the quest for the cosmopolitan moment 82
   3.3 Migration of healthcare and social care workers and the impacts on victim states 84
   3.4 Care worker migration to the U.K.: A risk cartography 87
4. A critical cartography of ageing
   4.1 Critical cartography and map-making
   4.2 Practicing critical map-making
   4.3 Neo-cartography and digital methods: The mash-up and the layer
   4.4 Issue layer I: The Polish care worker migration layer
   4.5 Issue layer II: Ageing issue centres and peripheries – NGOs, events, and sources of authority
   4.6 Issue layer III: Cross-cultural analysis of ageing issues
   4.7 European ageing resources map
   4.8 Ageing well according to European local domain Googles: Ageing tips and an anti-ageing shopping list

5. Conclusion: Mapping for an ageing Europe
   5.1 Producing social cartographies of ageing: The EUropeanization of ageing?
   5.2 Producing risk cartographies of ageing: Winner and loser places
   5.3 Producing critical neo-cartographies of ageing issue layers and resource maps
