1 Introduction
   Charles Westin, Alireza Behtoui, Constanza Vera Larrucea, Ali Osman 11

2 Historical and demographic considerations
   Constanza Vera Larrucea 25

3 Educational achievement
   Alireza Behtoui 43

4 Social capital
   Alireza Behtoui 57

5 Perceptions of discrimination
   Alireza Behtoui 69

6 Identity: Belonging, language and transnationalism
   Constanza Vera Larrucea 79

7 The labour market
   Lena Schröder 103

8 Conclusions
   Alireza Behtoui 125

List of Tables and Figures

Tables

Table 2.1 Age distribution, by parents’ country of birth and gender (in %). Target group = descendants of migrants from Turkey; reference group = young people of Swedish origin 33
Table 2.2 Marital status for target and reference groups (in %) 33
Table 2.3 Respondents having left their parental home, target and reference groups (in %) 34
| Table 2.4 | Reasons for leaving the parental home (in %) | 35 |
| Table 2.5 | Parents’ province of origin (in %) | 36 |
| Table 2.6 | Parents’ ethnicity (self-identification) (in %) | 37 |
| Table 2.7 | Parents’ age of migration to Sweden | 37 |
| Table 2.8 | Parents’ reasons to migrate to Sweden (in %) | 38 |
| Table 2.9 | Parents’ reasons to migrate, by ethnic groups (in %) | 38 |
| Table 2.10 | Citizenship position (in %) | 39 |
| Table 2.11 | Grounds for citizenship acquisition (in %) | 40 |
| Table 3.1 | School segregation at primary school level, by age for target and reference groups (in %) | 45 |
| Table 3.2 | Repeating primary school class, by gender for target and reference groups (in %) | 45 |
| Table 3.3 | Having spent more than three months abroad during the primary school period (in %) | 45 |
| Table 3.4 | Segregation at secondary school level, by age for target and reference groups (in %) | 46 |
| Table 3.5 | Repeating classes (secondary school) for target and reference groups (in %) | 47 |
| Table 3.6 | Highest educational level, by gender for target and reference groups (in %) | 47 |
| Table 3.7 | Remedial tutoring or homework coaching during secondary school (in %) | 48 |
| Table 3.8 | Relations with teachers and other students, for target and reference groups | 49 |
| Table 3.9 | Number of friends of native parentage, for target and reference groups (in %) | 49 |
| Table 3.10 | Years of education, father and mother, for target and reference groups (standard deviations in parentheses) | 50 |
| Table 3.11 | Number of books available at the parental home, for target and reference groups (in %) | 51 |
| Table 3.12 | Years of education, older siblings (in %, standard deviations in parentheses) | 51 |
| Table 3.13 | Years of education, OLS regression, unstandardised (b) and standardised (Beta) coefficients | 52 |
| Table 3.14 | The role of the immediate support group during secondary school, for target and reference groups (in %) | 53 |
| Table 3.15 | Involvement of parents in education, for target and reference groups (in %) | 54 |
Table 4.1  Three best friends in secondary school, ‘ethnicity’ and education, by education for target and reference groups (in %)  

Table 4.2  Three current best friends, ‘ethnicity’ and education, by education for target and reference groups (in %)  

Table 4.3  Number of friends with native background at two different points in time (in %)  

Table 4.4  Rate of participation in social organisations for target and reference groups (in %)  

Table 4.5  ‘Ethnicity’ of partner (for those who have a partner), by gender (in %)  

Table 4.6  Mean age differences between partners (for those who have a partner), by gender  

Table 4.7  Current labour market situation of the partner (for those who have a partner), by gender for target and reference groups (in %; numbers in parentheses)  

Table 5.1  Personal experiences of discrimination for target and reference groups (in %)  

Table 5.2  Three situations of experiencing personal discrimination (in %)  

Table 5.3  Three groups in Sweden that are perceived to be discriminated against (in %)  

Table 5.4  The situations in which Turks as a group are perceived to be ‘frequently’ or ‘regularly’ discriminated against (in %)  

Table 5.5  Logistic estimate results for perceived discrimination, odds ratio, only descendants of migrants included  

Table 6.1  Sense of belonging to the Swedish group (in %)  

Table 6.2  Belonging to the Swedish community, by ethnic group (in %)  

Table 6.3  Identifying as Stockholmers (in %)  

Table 6.4  Turkish belonging (in %)  

Table 6.5  Belonging to the Turkish group, by ethnicity (in %)  

Table 6.6  Belonging to the Kurdish and Syriani groups for Kurds and Syriacs respectively (in %)  

Table 6.7  European belonging (in %)  

Table 6.8  Religious upbringing (in %)  

Table 6.9  Current religious affiliation (in %)  

Table 6.10 Sense of Muslim belonging or identification (in %)  

Table 6.11 Sense of belonging to the Syrian Orthodox Church (and community) (in %)
Table 6.12  Self-perception of Swedish language proficiency. Valid and cumulative %  90
Table 6.13  Self-perception of Turkish/Kurdish/Suryoyo language proficiency. Valid and cumulative %  91
Table 6.14  Self-perception of oral proficiency of Turkish/Kurdish/Suryoyo language (in %)  92
Table 6.15  Self-perception of writing proficiency of Turkish/Kurdish/Suryoyo language (in %)  92
Table 6.16  Language used when talking to friends, by ethnic group (in %)  93
Table 6.17  Language used when talking to father (in %)  94
Table 6.18  Language used when talking to mother (in %)  94
Table 6.19  Language used when talking to brothers and sisters (in %)  95
Table 6.20  Transnational practices: forms of contact (in %)  96
Table 6.21  Transnational practices: size of remittances (in %)  97
Table 6.22  Transnational practices, by ethnicity (in %)  97
Table 6.23  Desire to live in Turkey (in %)  98
Table 7.1  Distribution of age categories and mean age (in %)  107
Table 7.2  Main activity at time of interview, by gender and age (in %)*  108
Table 7.3  Distribution of jobs at time of interview across industrial sectors, by gender and age (in %)  114
Table 7.4  Monthly wage after taxes at time of interview, by gender (in %)  117
Table 7.A1  Odds ratios for being employed or self-employed; men and women  120
Table 7.A2  Odds ratios for being employed or self-employed; women  121
Table 7.A3  Odds ratios for being employed or self-employed; men  122
Table 7.A4  Odds ratios for being neither employed nor in education or training (NEET); men and women  123

Figures

Figure 7.1  Unemployment in % of the labour force, ages 20-24 and 25-64, 1963-2008  104
Figure 7.2  Employed and self-employed at time of interview, by age and gender (in %)  110
Figure 7.3  NEET rate at time of interview, by age and gender (in %)  111
Figure 7.4  ‘Do you consider yourself overqualified in your current job?’ Percentage answering YES  115
