Bibliography

Allen, D.C. “Donne’s ‘Sappho to Philaenis.’” *English Language Notes* 1, no. 3 (March 1964): 188–91.

“W. dreams, like Phaedrus, of an army of thinker-friends, thinker-lovers. He dreams of a thought-army, a thought-pack, which would storm the philosophical Houses of Parliament. He dreams of Tartars from the philosophical steppes, of thought-barbarians, thought-outsiders. What distance would shine in their eyes!”
