punctum books is an independent, open-access publisher dedicated to radically creative modes of intellectual inquiry and writing across a whimsical para-humanities assemblage. We solicit and pimp quixotic, sagely mad engagements with textual thought-bodies. We provide shelters for intellectual vagabonds.

All authorial proceeds will be donated by the author to support experimental publishing.

Earth thought 27 of 365: I need a literature that speaks to me and makes me feel at home on Earth—neither philosophy which argues, nor poetry that wishes, nor religion preaching. A voice like a family member’s, reflective at the pace of Earth time, arising with the part of us that isn’t destructive or blind.
