Meccarelli, Massimo and María Julia Solla Sastre.
Spatial and Temporal Dimensions for Legal History: Research Experiences and Itineraries.
1 ed. Max Planck Institute for Legal History and Legal Theory, 2016.
The spatiotemporal conjunction is a fundamental aspect of the juridical reflection on the historicity of law. Despite the fact that it seems to represent an issue directly connected with the question of where legal history is heading today, it has still not been the object of a focused inquiry. Against this background, the book’s proposal consists in rethinking key confluences related to this problem in order to provide coordinates for a collective understanding and dialogue.
