About the Author

Elisabetta Fiocchi Malaspina is Assistant Professor of Legal History at the Law Faculty of the University of Zurich (Switzerland). She received her MA in Law at the University of Milan and her PhD in Legal History at the University of Genoa (Italy). Moreover, she was awarded several research grants from the Max Planck Institute for European Legal History (Frankfurt am Main, Germany); was visiting research fellow at the Erik Castrén Institute of International Law and Human Rights at the Law Faculty of the University of Helsinki (Finland); and participated in the Law and Public Affairs Discussion Group at the Law Faculty of the University of Oxford (England) during a research stay. Her main research fields include history of international law, circulation and diffusion of natural law and law of nations theories between the 18th and 19th centuries, history of water law, history of land ownership and land registration (19th and 20th centuries).

This study of the history of Derecho Indiano proposes to analyze the role played by the Spanish-American jurist in the New World, as both elaborator as well as a practitioner of an art and a practice. While contributing to the development of public authority within a new society, the jurist faced episodes, realities, and circumstances of huge diversity. The studies collected in this volume appeared originally in journals and collected works in various countries. They are offered today in a revised edition.
Global Perspectives on Legal History is a book series edited and published by the Max Planck Institute for European Legal History, Frankfurt am Main, Germany. As its title suggests, the series is designed to advance the scholarly research of legal historians worldwide who seek to transcend the established boundaries of national legal scholarship that typically sets the focus on a single, dominant modus of normativity and law. The series aims to privilege studies dedicated to reconstructing the historical evolution of normativity from a global perspective. It includes monographs, editions of sources, and collaborative works. All titles in the series are available both as premium print-on-demand and in the open-access format.

Released volumes
