Acknowledgements

Many more people have contributed to this book than I remember. To anyone I have left unmentioned, please forgive me. I am indebted to the people who agreed to be interviewed and observed for this study; its funders, the National Science Foundation, University of Missouri Research Board, and the Netherlands Institute for the Study of Crime and Law Enforcement (NSCR), which also gave me a ‘work home’ in Amsterdam; the Department of Criminology and Criminal Justice at the University of Missouri–St Louis for its support; Rick Rosenfeld and Richard Wright, who are the grants’ ‘PIs’ and helped in various capacities, as did Margit Averdijk, Wim Bernasco, Frank van Gemert, Danielle Reynald and Benny de Vries; Chris Penfold, the anonymous reviewers and all at UCL Press for turning a monograph into this book. Finally I would like to thank my best mentors, Lynn and Tom Jacques, and my best colleague, Andrea Allen Jacques, for dealing with me.
