CMapTools, 300
Coherence toward learning, 174–175
Collaborative learning, problem-based learning in
Collaborative learning (continued)

conclusions on study of, 75–76
discussion of results on, 71–75
dominance and leadership in, 60–66, 72–73
group development and, 58–60, 71–72
introduction to, 51–53
methodology for understanding, 53–58
quiet people in, 66–71, 73
screen sharing and, 307–318
study results on, 58–71
suggestions for, 74–75

Collaborative learning (CL), student perspectives of

conclusions on, 192
context and, 173–179, 184–187
discussion of research results on, 183–192
effects of, 189–190
ethical considerations for
participant recruitment and data management on, 168–169
group and learning interactions and processes in, 180–182, 187–189
implications for practice of, 191–192
introduction to, 165–167
limitations in, 190–191
outcomes and, 182–183
participants, data collection, and analysis of, 170–173
research context of, 169–170
research methodology on, 167–173
research results on, 173–183

Communication of bad news, 370–381
Communication practices in interprofessional problem-based learning, 197–199

Competition in collaborative learning, 179, 187
Complementary group roles. See Collaborative learning, problem-based learning in
Computer-supported collaborative learning (CSCL), 299–300
Conceptual conflict, 189
Connectedness, 85
Connection and disjunction, engagement as, 333
Context of collaborative learning, 173–179, 184–187
Conversation analysis (CA) of mobile phone use, 254–255
of social loafers in problem-based learning, 279–289
